LEARN, EXPLORE, *and* CONNECT

So much more than render safe! Hands-on, practical training is critical to the job of a bomb tech, but the how and why, the background knowledge, learning about the challenges and successes of your colleagues are just as important. Are you an explosives or post-blast investigator? This event will give you a new perspective. Attend the postblast item recognition workshop, or the presentation on blast threats, interact with international experts and hear about current trends. At no other explosives event will you have access to career pathways, professional development, research, and networking.

IABTI In-Service Training includes lecture style presentations, case studies, and related workshops. We strive to ensure that all presentations are relevant. You will hear from some of the best international explosives related subject matter experts. You'll have the opportunity to meet with them afterwards to ask follow-up questions and engage. You can select the workshops that are of interest to you or do your own research on the floor of the Expo Hall.

In a world where we're bombarded by phones, texts, and email, it's disproportionately effective to connect with people face to face. Attending a relevant training and technology expo can be one of the best ways to accelerate this process, since you can meet multiple people in just a few days. Attendance at this In-Service affords you access to top experts and those with expertise in the explosive and investigative communities. It also allows you to share challenges and successes with other specialists and colleagues and to truly build those outside relationships.

Why You Should Attend?

If your job involves anti-terrorism, bomb/explosives disposal, and/or explosives and post-blast investigations you owe it to yourself and to your team to continue to expand both your knowledge and your skills. Hear about lessons learned as well as current trends. Meet the experts. Participate in the workshops. Come to learn, explore, and connect.

More than 50 exhibitors showcasing their specialized tools, equipment, and services.

Come see the latest in technology, services, and training for the explosives community, all under one roof. Our Exhibitors exemplify what the IABTI stands for. We aim to foster the exchange of explosives related information and ideas, and to provide the best face-to-face networking in the industry. The personal interaction afforded by this Exposition is irreplaceable. Come, check out the latest comprehensive collaboration of specialized technology and equipment.

Get your hands on the latest technology. Learn from those who develop, design, and maintain this equipment & tools. The opportunity to research and explore for your department is paramount and unrivaled.

- Explosives related presentations and hands-on workshops like no other.
- Largest expo of tools and equipment for the EOD community.
- Because your job is more than render safe!

*Plan to
Attend!*

Las Vegas, Nevada

The only major city in the American West to have been founded in the 20th century, Las Vegas grew from a tiny, desert-bound railroad service center at the outset of the 20th century to the country's fastest-growing metropolis at century's end. This transformation—made possible by a combination of shrewd entrepreneurship, access to water, an extensive transportation network, and permissive state laws—has created the city now often known simply as “Vegas,” a place of vast casinos, elaborate hotels, and spectacular entertainment venues that attracts masses of visitors from throughout the world.

IABTI Membership Required

Due to the nature and content, all attendees must be members of IABTI. Non-members are able to apply online at www.iabti.org/join and must be vetted and approved before registration and access will be allowed.

Registration

Registration includes access to general session training, breakouts, case studies, as well as entrance and personal contact with technology partners at the largest EOD related expo!

By May 31: \$695

After May 31: \$795

Registration is available online via <https://ist.iabti.org>.

Location & Lodging

South Point Hotel

9777 S. Las Vegas Blvd
Las Vegas, NV 89183

The IABTI group rate is \$70 (Sunday - Thursday) and \$102 (Friday - Saturday). Taxes apply. There is a \$14.00 daily resort fee.

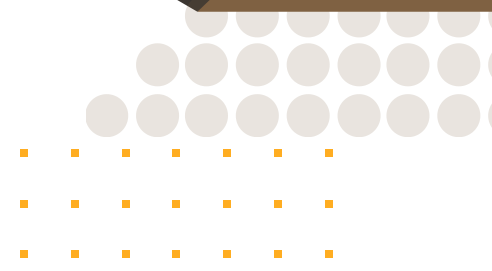

The group rates are valid from June 19, 2024 through June 30, 2024. A credit card is required when reserving a reservation, but it will not be charged a deposit.

For your convenience, the South Point Hotel, Casino & Spa offers a scheduled shuttle to and from Harry Reid Airport. These shuttles are reserved for the use of hotel guests only. Please call 866-791-7626 (ask for Shuttle Reservations).

Nearest Airport

LAS is approximately 17 minutes away from the South Point Hotel. LAS is served by many of the major airlines. Boulder City Municipal Airport is the next closest major airport approximately 35 minutes away.
